

## **Minutes of the IQAC Committee Meeting held on 29.9.2018**

Initiative steps have been taken to further upgrade the quality of the research work, publication, co-curricular and extracurricular activities in our college.

A strategy was requested from the faculty to attain the objective of high impact outcomes in projects taken by final B.Pharm students, research themes submitted to the various funding agencies, topics for conducting seminar and conferences, presentations and publication of research papers in leading journals.

Industrial visit organized by our college need to ensure thorough exposure to the learner so that lacuna in curriculum and recent advancements in industry is to be minimized.

Invigorating the students to decide on the area of interest in their career, Planned to cover more industry for collaboration with them and organizing sufficient Guest lecture for students.

Rejuvenating teaching staff to use of ICT in teaching, learning process.

Imparting life skill development to staff and stakeholders.

To nurture social wellbeing in young minds are seeded by the NSS officer who plans a trip to help the people and schools of nearby villages.

In order to make the world much better place to live-in students are encouraged to learn the life that promotes them as an ECOPROTECTOR, same is replenished with a lecture is planned.

Staff from every department has been involved in the IQAC committee these members help in collecting the data related to IQAC activities every month

IQAC members of the Institute and verification of the documents related to IQAC Activities in the Institutes be done periodically by the chairman of the IQAC

Specific task for each of the member is discussed which helps for the better functioning of the IQAC cell in the college.

It was unanimously accepted that AQAR to be prepared latest by 1<sup>st</sup> Oct of this year and to be circulated among the committee members for the review.

Once all the committee members reviewed the AQAR report it shall be submitted to the chairman for his approval by 15<sup>th</sup> of Oct.

Submission of the report to the NAAC after incorporating all suggestions/ changes approved by chairman.
